

ALYSSA ROSE WALDROP

Graphic Designer

Designs by Alyssa
GRAPHIC DESIGNER & ILLUSTRATOR

PROFILE

I'm a Graphic Designer with a love for illustration and illustrative methods. I love working primarily in Illustrator to create my pieces. I have an eye for clean yet fun design layouts. I've had multiple years in the print industry and am fluent in print design and production. I come by it honestly, I'm a perfectionist to a fault. I've created for family & friends, local businesses and concert appearances.

I have a heart for hand drawn sketching, I absolutely love dogs (really all animals), and a lover of good music, especially rock. And I love a good pasta.

WORK EXPERIENCE

*prior to my current position with HUEosity, I started in a partner company called KM Press, Inc. in Belleville, IL that was in the works of merging with another partner company called Ultra Color Corporation in St. Louis, MO. Those 2 companies & Top Graphics all merged together to what is now know as HUEosity. This merger started before I became employed.

oct 2018 - present

Project Manager & Graphic Designer

HUEosity (formerly Top Graphics / GHJ, LLC) *Maryland Heights, MO*

aug 2018 - oct 2018

Graphic Designer, Digital Print Operator, Pre-Press

Ultra-Color Corporation *St. Louis, MO*

feb 2018 - aug 2018

Graphic Designer, Digital Print Operator, Office Manager

KM Press, Inc. *Belleville, IL*

My current role includes:

- Managing & coordinating incoming print production projects
- Coordinating with clients on a daily basis to fulfill a variety of print product needs
- Meet with & collaborate on design needs, focus on client goals and their visions for their projects
- Produce jobs via client expectations from concept to completion
- Create product designs for a multitude of print & digital formats, including but not limited to: business cards, letterhead, note pads, brochures, large format print, magnets, signs, posters, flyers, travel incentive products such as luggage tags, travel pouches and lanyard badges, and many more
- Review customer submitted media, determine if fit for pre-press operations, including checking for fonts, links, bleeds, size constraints, etc. while also collaborating design assets and assisting in additional design components to certain projects

Notable mentions:

- Re-designing company print materials (brochure, note pads, website proposal)
- Take over an existing position and learn without instruction the basic operations of the company, including machine operation, file management, client involvement, and even credit card system
- Re-brand various company logos and brand identity

WORK RELATED EXPERIENCE & SKILLS

- Receive customer files in various formats (images only, InDesign packages, etc.) and check to assure pre-press department has all necessary file components needed to move forward.
- Operate under G7 color standards, working with Indigo printers, offset printers (AB Dick, Heidelberg, etc), and small digital printers (Xante, Konica, Xerox, etc) as well as various finishing devices.
- Control and manage Canon, Konica, Xante & Xerox printers, including small maintenance activities such as cleaning, refilling, etc.
- Create print ready art files from scratch using customer provided reference artwork.
- Assess customer needs and suggest options based on the individual's ideas and marketing standards (i.e. appropriate paper stocks, artwork revisions, quantities, etc.)
- Manage client accounts & organize files based on specific filing criteria.
- Create original designs for client based projects utilizing a large variety of print and digital finished products.
- Specialize in illustrative design concepts to work to a brief, solve problems creatively and adapt to specific styles, if needed.
- Have an eye for detail and design, self-promotional skills, self-motivation and the ability to work to deadlines
- Create excellent, high quality, original drawings, both digitally and on paper
- Have a solid knowledge base for basic computer & IT skills
- As a freelance graphic designer: work with clients to create illustrations, logos, layouts, sketches & more that bring ideas to life
